

INDUSTRIAL MECHANICAL CONTRACTORS, INC.

ABOUT US

Industrial Mechanical Contractors, Inc. has been servicing the needs of the Tri-state area (PA, NJ, & DE) for the past four decades! During that time we have placed an emphasis on customer service and client satisfaction.

In fact, the foundation of our business is, and will continue to be...

"a commitment to exceeding your expectations in all aspects of our products and services."

To maintain this commitment of quality workmanship we employ journeymen refrigeration and air conditioning technicians, who have completed a rigorous five-year HVAC/R training program prior to their many years of field experience. They have proven their ability to perform mechanical work in Installing / Servicing / Repairing HVAC equipment, ranging from small commercial to large industrial applications.

Preventative Maintenance Agreements

Industrial Mechanical Contractors, Inc. offers Preventive Maintenance Service Agreements for all manufacturers of boilers, chillers, and packaged rooftop equipment.

Each agreement is tailored to meet the budget and operating needs of your facility and can include both preventive maintenance and predictive maintenance services to identify potential problems before costly breakdowns occur.

Industrial's Service Agreements will help you:

- Maintain the efficiency and reliability of all equipment while saving in overall energy costs
- Minimize downtime, repair bills, and loss of use
- Ensure continuous care with our after hours call center staffed with Industrial employees

Service Agreement options include:

IMC Certified Maintenance

- Visual and written inspection reports
- Filter and Belt changes at job specific intervals
- High Pressure cleaning of condenser and evaporator coils
- Combustion and Vibration analysis

Options also available are full Labor and Parts agreements
